Section 1. Goals and Accomplishments

Goal 1: To provide environmental health and safety services in an efficient and cost effective manner. --- EH&S automated laboratory safety surveys and automatic external defibrillator inspections, reducing the manhours required to accomplish both tasks.

Goal 2: To ensure compliance with state and federal environmental health and safety regulations. --- EH&S functions received five inspections from regulatory agencies in 2004. No discrepancies were noted in any of the inspections.

Goal 3: To develop and implement a comprehensive environmental health and safety training and information program to promote understanding of workplace and environmental hazards and to promote a safe workplace in an effort to preserve our human and natural resources. --- Two on line training modules were added to the EH&S web site. Significant progress was made in the development of the Asbestos Information Management System (AIMS).
